

MAINTAIN YOUR INJECTOR'S PERFORMANCE WITH MEDICATOR RX!

USE MEDICATOR RX ON A REGULAR BASIS TO CLEANSE YOUR INJECTOR AND REMOVE:

- Rust
- Calcifications
- Mineral deposits

Medicator Rx lubricates your injector's interior seals and all moving components as it cleans. It's easy to use and acts as a cleanser when fertilizer injector parts are soaked.

EFFORTLESS

It's quick and easy to use—just mix, soak, and you're done. No tools, no mess.

SCRUB-FREE

No scrubbing. Just soak and let it do the heavy lifting.

FLUSHES

Designed to flush out deposits and buildup safely through your system.

SAFE

Formulated to clean without harming your injector—plastic or stainless steel.

Packet (Part # CLEANSER-LS)

Convenient .187 lb (85 grams) size. Just add one packet to one gallon water per injector and soak for 24, and up to 48 hours for best results. Larger injectors use two packets in two gallons of water.
